1. Example · A calmer filming routine

Choose one idea for this video. Write the question it answers at the top of your notes.

2. Example · A calmer filming routine

Set up beside a window. Record a short test and listen for background noise before filming.

3. Example · A calmer filming routine

Film the explanation first. Then capture the details that help someone follow the steps.

4. Example · A calmer filming routine

Watch the edit once with the sound off. Check that the captions still make sense. Save the final version and your original notes together.
